

SOUTH SHORE

COASTAL CHARM, OUTDOOR ADVENTURE,
SEA-INSPIRED ARTISANS AND CUISINE—
ALL HERE ON THE SOUTH SHORE!

From the UNESCO World Heritage Site of Old Town Lunenburg, with its colourful working waterfront and beautiful architecture, to the breathtaking views of the coast and its 40-plus lighthouses, the South Shore is much more than the home of Bluenose II and the must-photograph Peggy's Cove. It is a place where you can imagine a time when tall ships filled the harbours and experience the area's seafaring heritage first-hand.

Watch how pewter designs become keepsakes before crafting a piece yourself at Amos Pewter in Mahone Bay. At Kejimikujik National Park and National Historic Site, discover Mi'kmaw petroglyphs etched in rock and experience stunning stargazing in the Dark Sky Preserve.

Culinary delights abound here, and fresh seafood is the cornerstone of many delectable dining experiences. A trip to the South Shore isn't complete without a lobster supper at the famed Shore Club in Hubbards, famous for great live music and serving more than a million lobster suppers over the past 70 years. Delicious seafood is never far away on the South Shore!
